2026 Spring Static Water Level Report

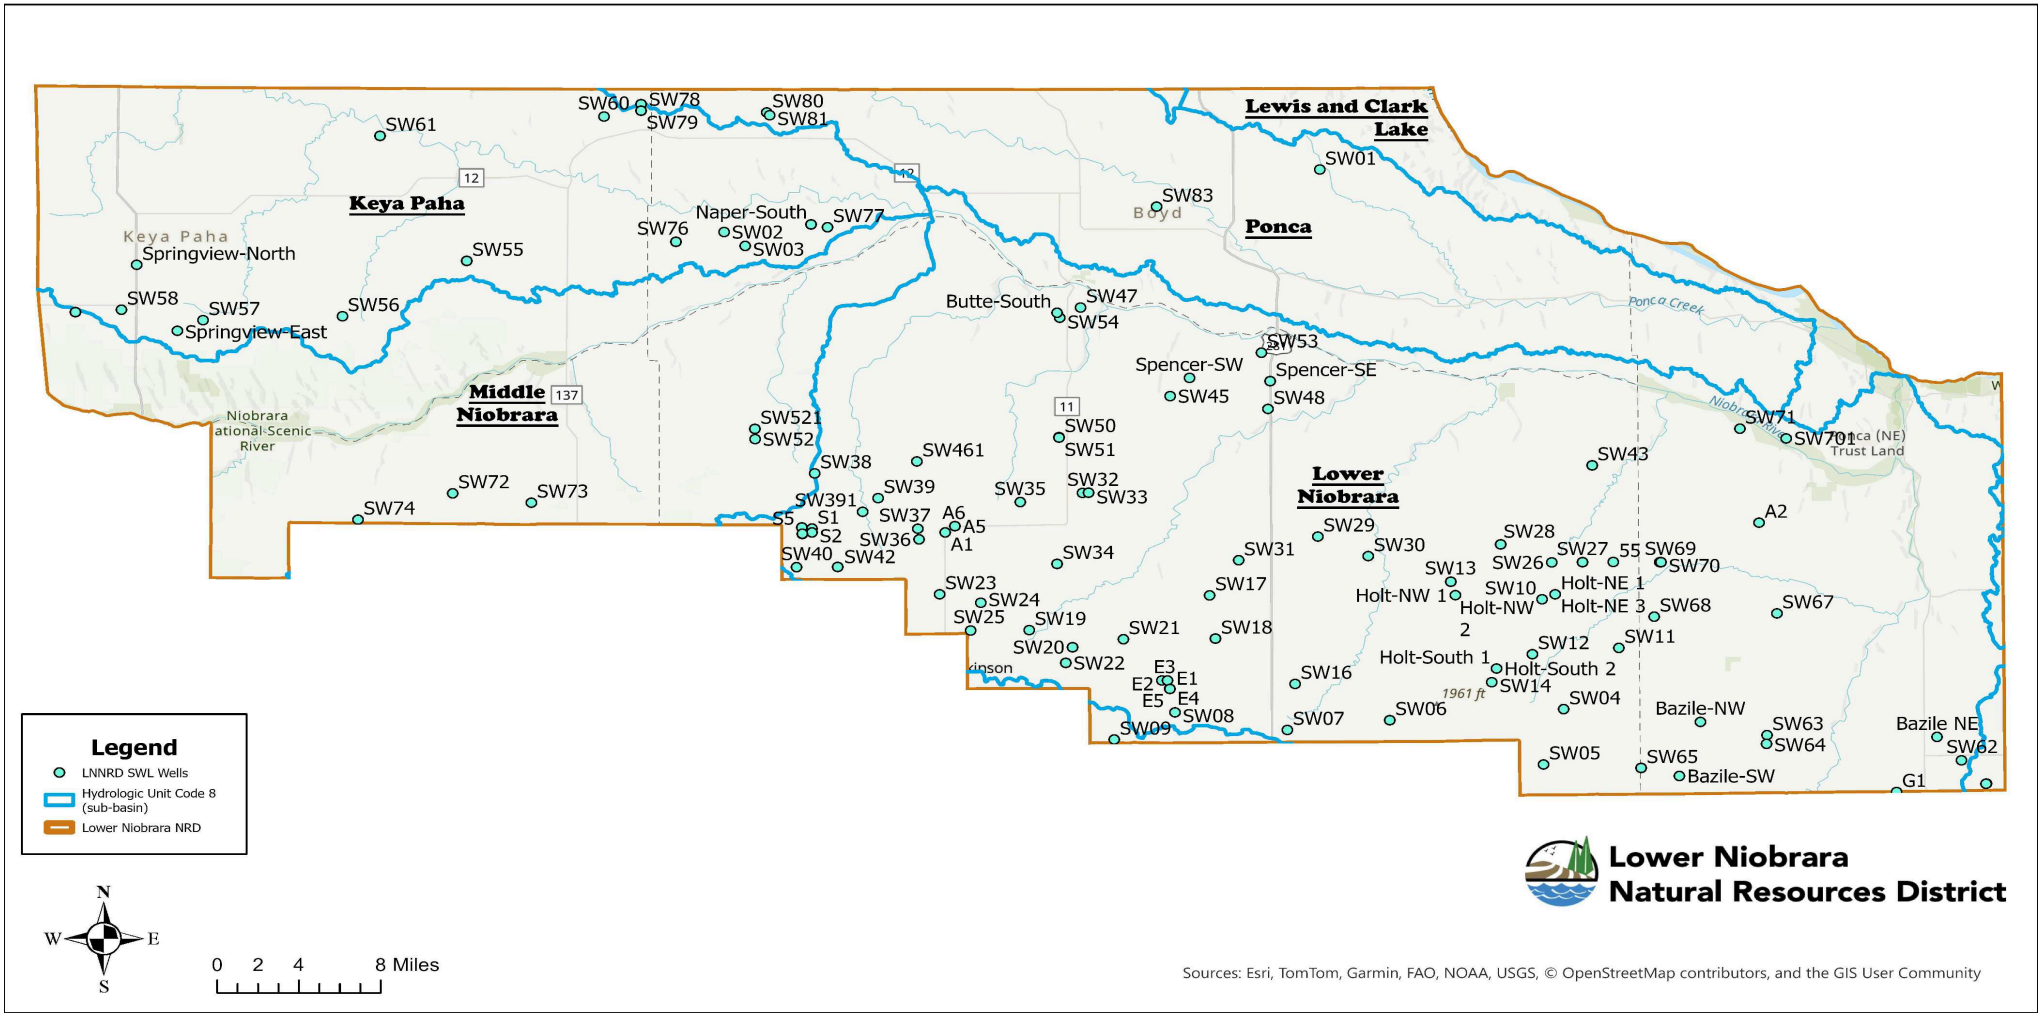

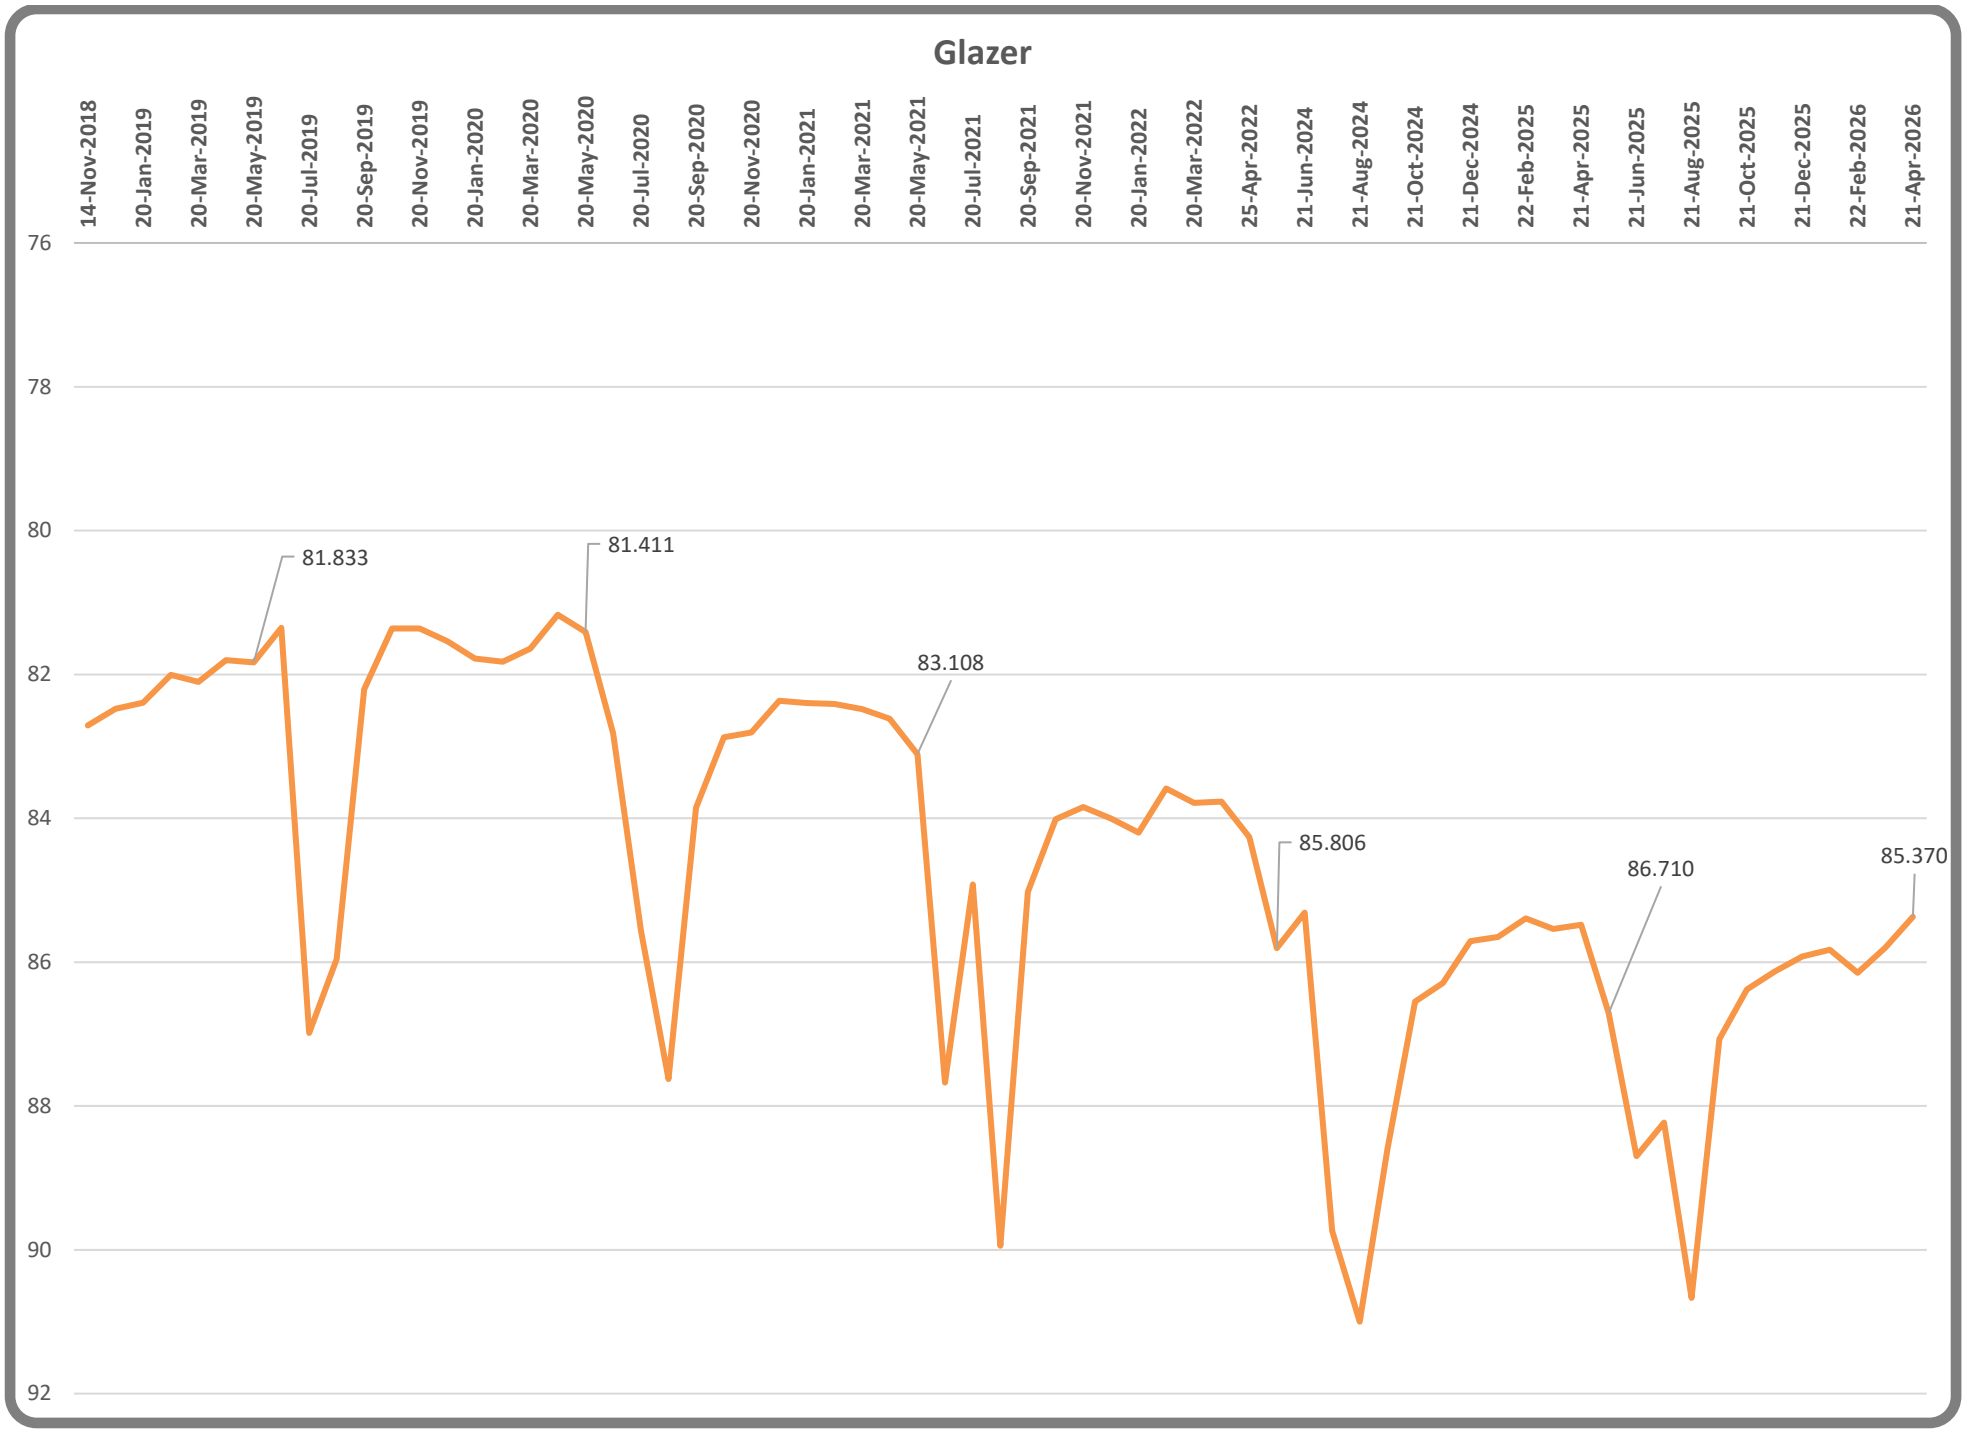

Brandon Fischer

Natural Resources Technician

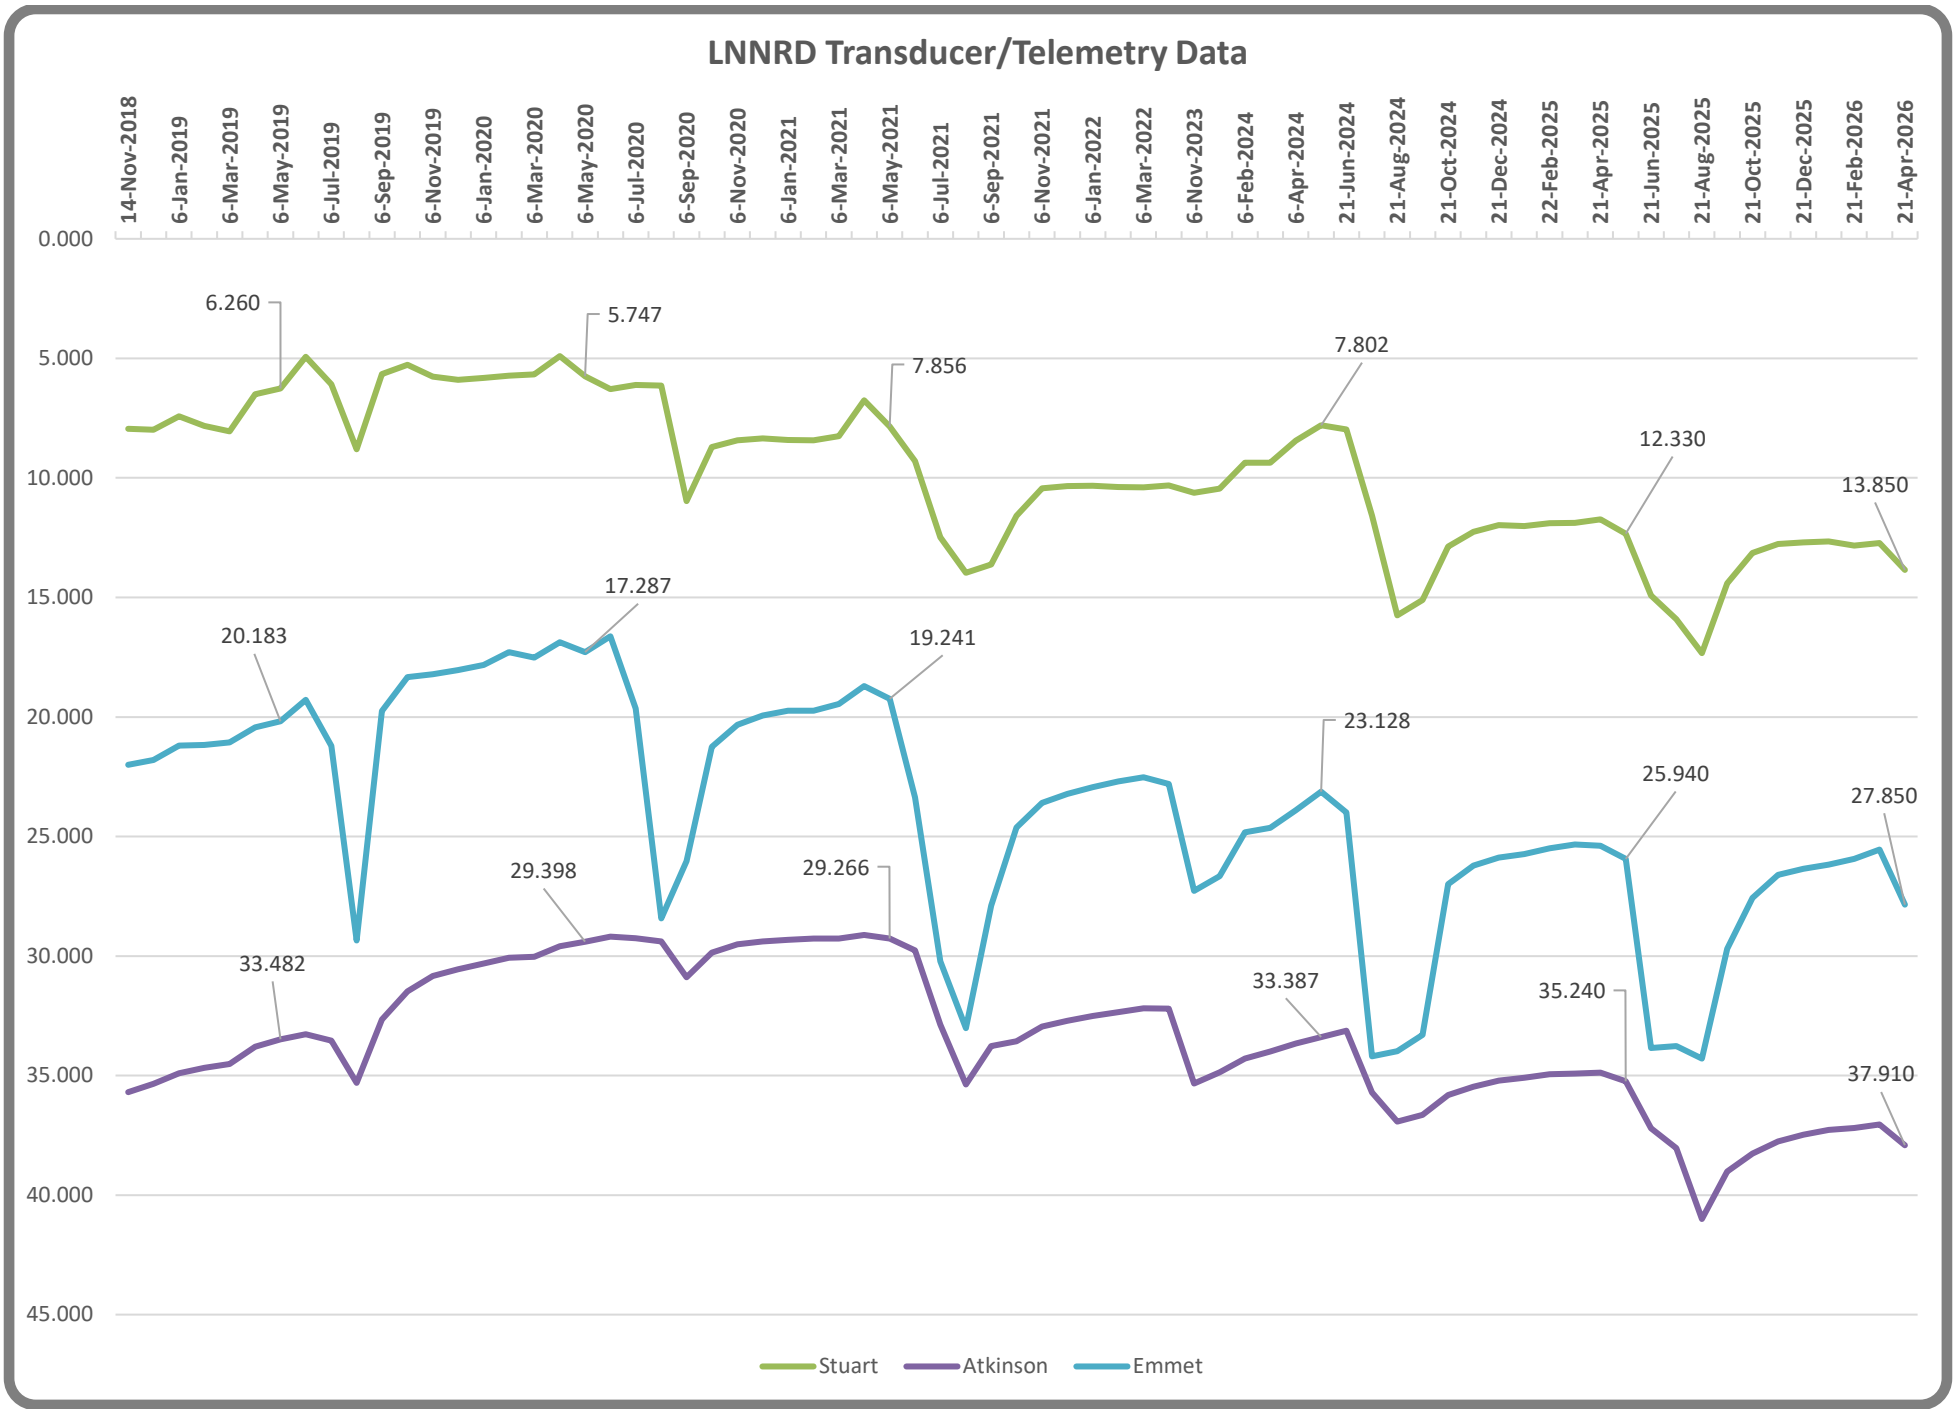

LNNRD - SWL Wells

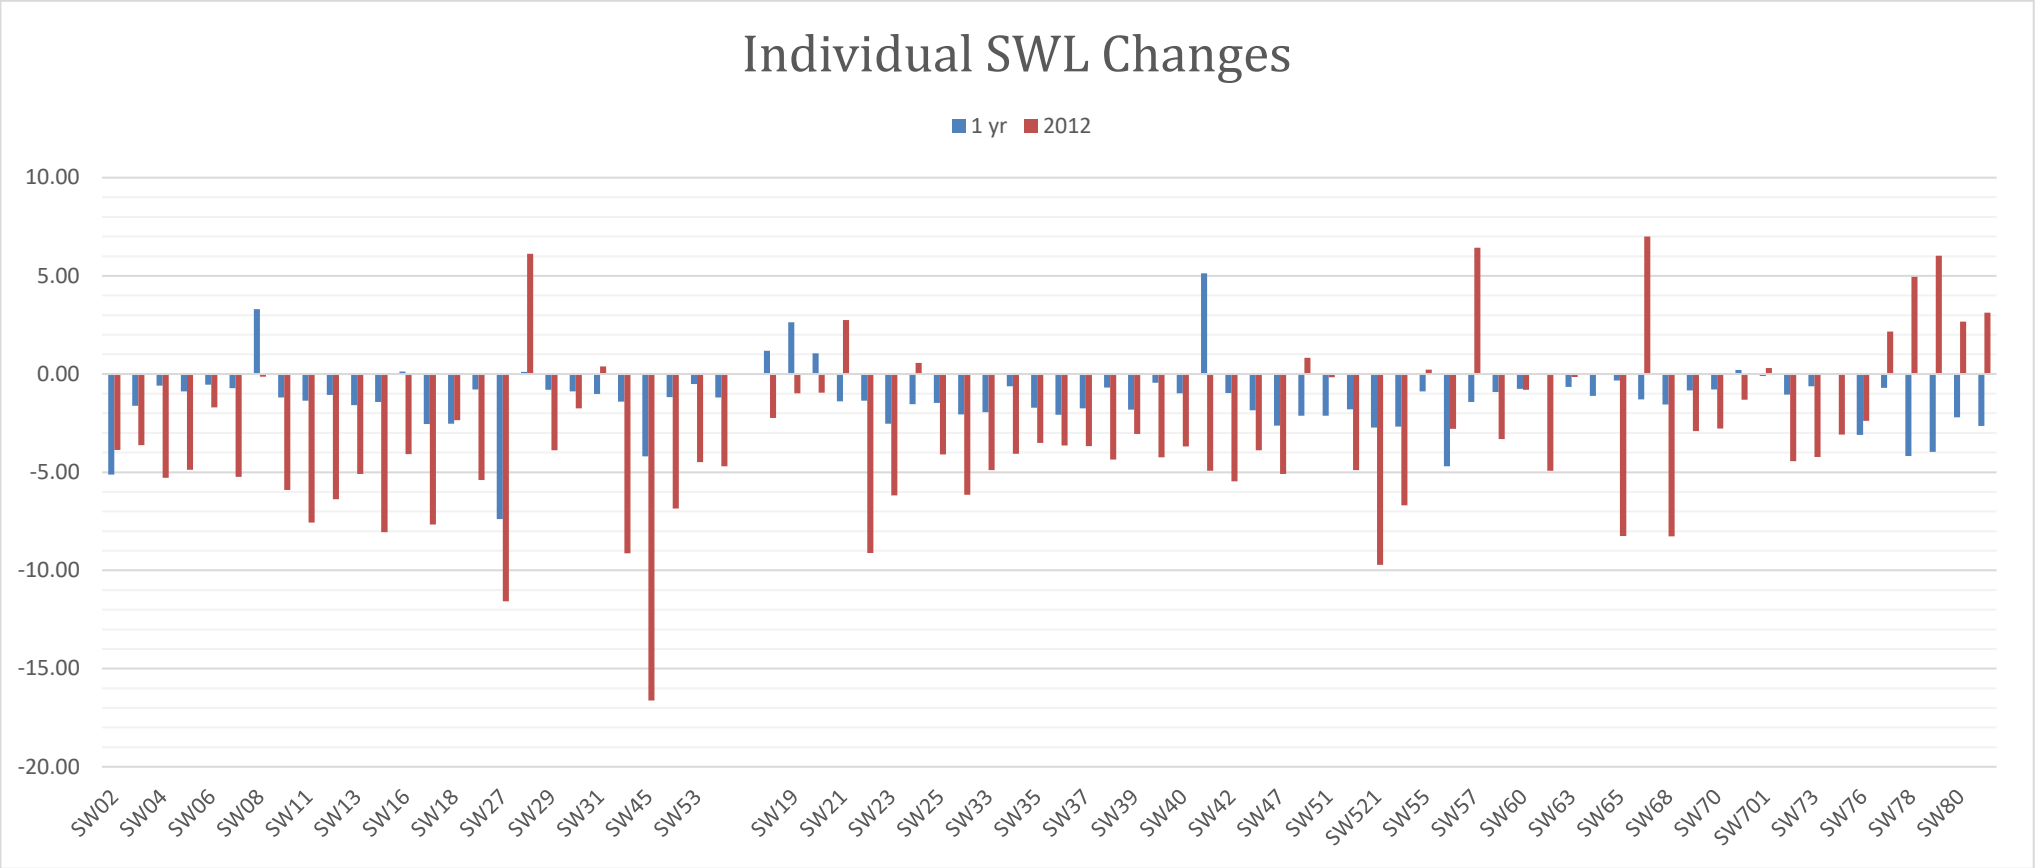

LNNRD Transducer Data

LNNRD Transducer Data

The blue line for each well indicates the change from **2025**

The red line for each well indicates the change from **2012**

Well changes from 2025

5 wells increased SWL

67 wells decreased SWL

4 wells had no change in SWL

Range of SWL change = **-7.38'** to **+5.13'**

Average change in SWL = **-1.31'**

Well changes from 2012

12 wells increased SWL

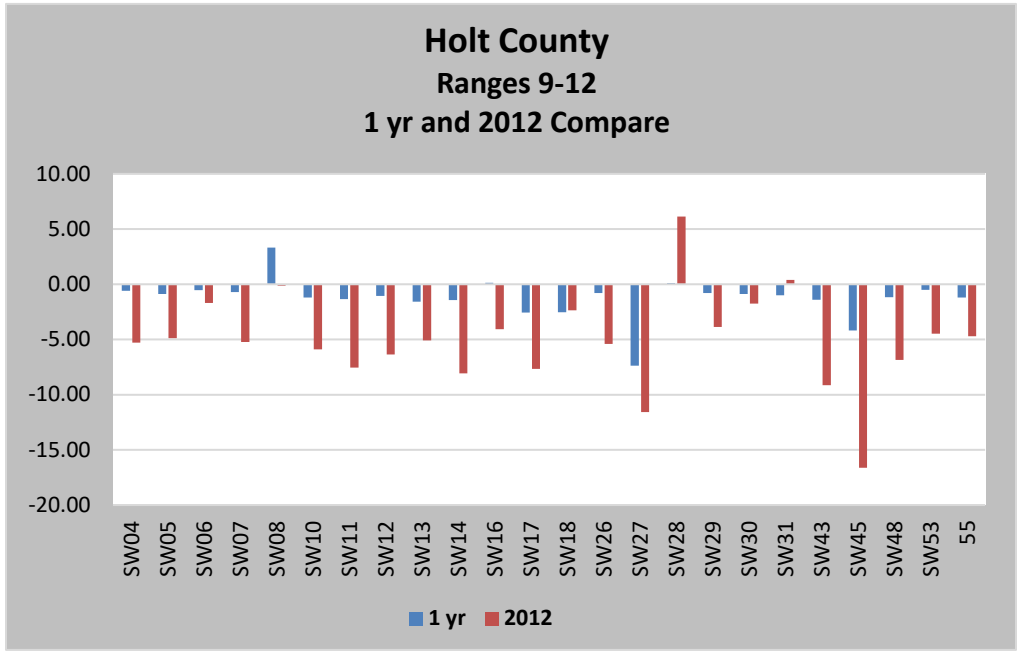

59 wells decreased SWL

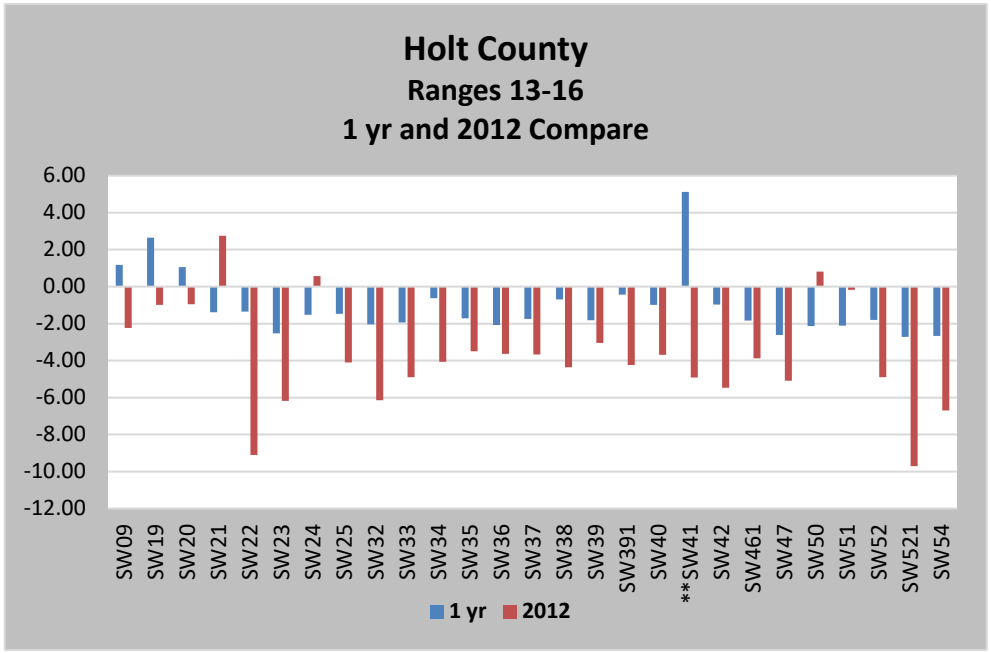

7 wells had no change in SWL

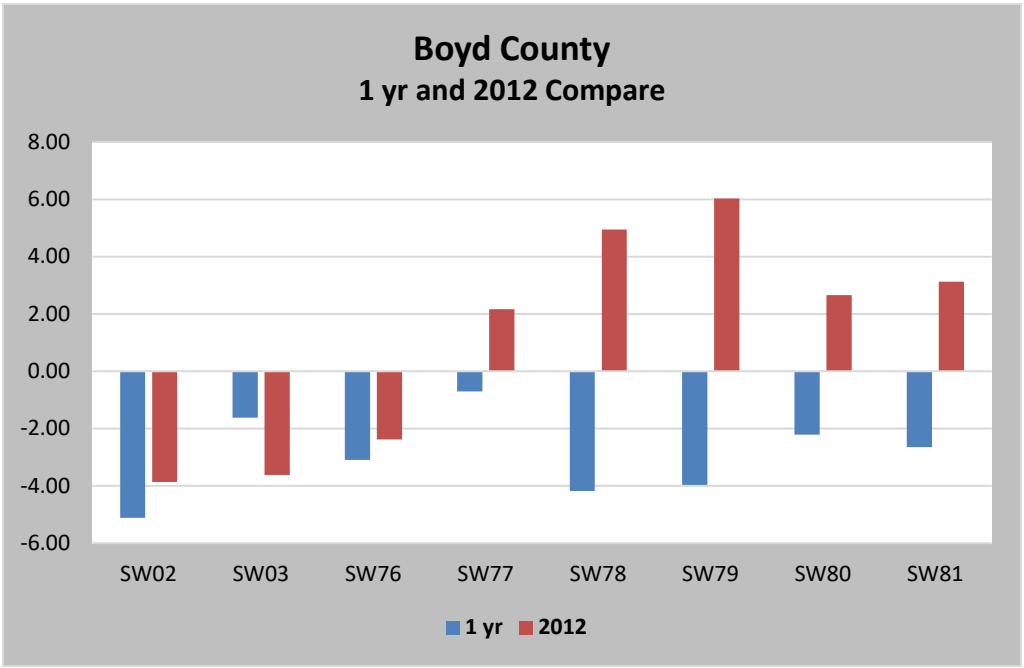

Range of SWL change = **-16.63'** to **+7.01'**

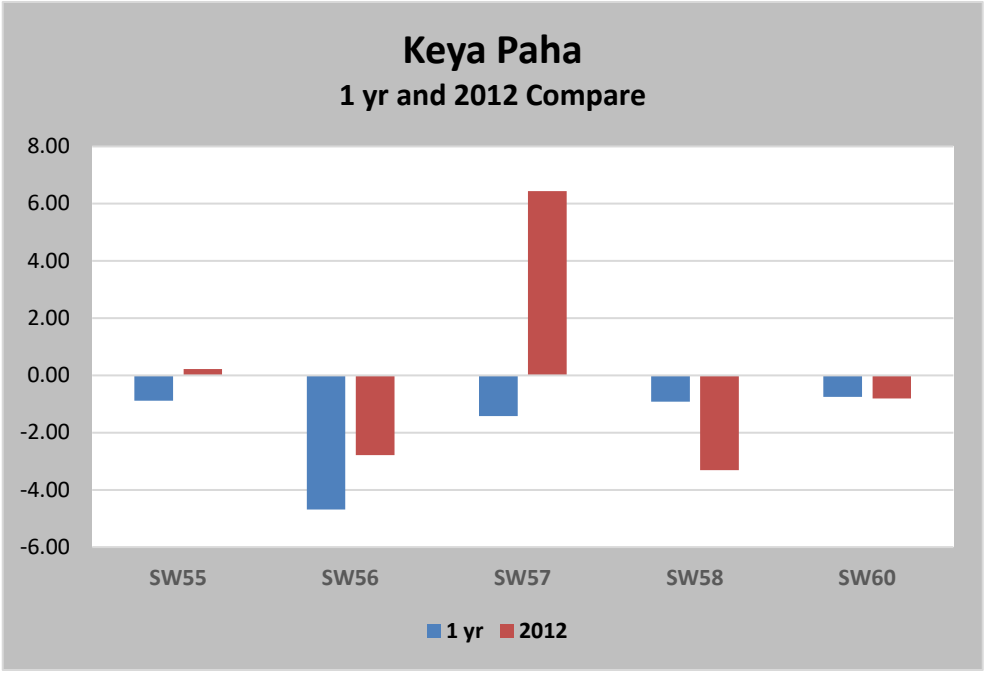

Average change in SWL = **-3.22'**
